

**Flintshire Local Development Plan Examination in Public Scheduled
Hearing 14 May 2021:**

Matter 15: Buildings of Local Interest: Policy EM10

Objection by Huw Evans Planning

1.0 Reasons for the Objection

- 1.1 The principle of establishing a list of buildings of local interest is supported. The reason for the objection is that the process by which they are identified does not comply with guidance and consequently the policy will carry little, if any, weight. This renders the policy undeliverable

Partnership - A strong partnership between local authorities and the community is well-placed to identify historic assets of special local interest and curate a list that does justice to local heritage. Potentially, town and community councils, local groups, civic and history societies, schools and colleges, and independent volunteers all have a role to play.
