Flintshire LDP Inquiry 2021 Week 6 Hearing statements.

Cllr David Williams and Pen-y-ffordd Community Council.

Dear Mrs Worden,

Please accept the following information in support of the case we are making about the LDP for the ward of Pen-ffordd for week 6 on Green Barrier

In addition to my previous submission, I am hopeful that you will be able to accept the online petition residents of the village have completed in support of Green barrier around the village as per the previous map submitted.

709 residents have completed this petition which is attached and a further 50 have completed a paper copy that I need to scan and forward which hopefully you will accept.

As well as the amount of housing that the village has had to accept in such a short space of time, it is now believed that further urbanisation will be detrimental to this semi-rural location. It is already having a negative impact on social cohesion.
